

## 2005 – 2008 OLYMPIC SOLIDARITY PROGRAMS & GRANTS

### ATHLETES

#### TEAM SUPPORT GRANTS

- Aim: To support one national team (men OR women; hockey OR another sport) per country in their preparation for:
- the Beijing Olympic Games
  - World Championships (senior and junior)
  - Continental Championships (senior and junior)
  - The Olympic Qualifier
  - Multi Sports Games
- OS-budget: 9 Million US\$ for the period 2005-2008
- NOC budget: dependent on the NOC proposal
- Advice to NA: encourage your NOC to select your national men's or women's team for a grant

### COACHES

#### TECHNICAL COURSES FOR COACHES

- Aim: To provide basic level training to coaches (or level 2/3 training in case of a regional course), led by an expert from another country
- OS-budget: 13 Million US\$ for the period 2005-2008
- NOC budget: maximum 80.000 US\$ for a maximum of 10 courses
- Advice to NA: encourage your NOC to include one or several hockey coaching courses (playing and/or umpiring) in their planning and budget

#### OLYMPIC SCHOLARSHIPS FOR COACHES

- Aim: To offer (national) coaches access to high level or further training, (either in sports science or in sports specific training), which they will use to benefit their respective national sports structures.
- OS-budget: 6 Million US\$ for the period 2005-2008
- NOC budget: 1 scholarship per NOC per year
- Advice to NA: encourage your NOC to select a hockey (national) coach for a scholarship

#### DEVELOPMENT OF NATIONAL SPORTS STRUCTURES

- Aim: To allow NOCs to develop their national sport- and coaching structure by implementing a mid-to-long term action plan for a specific sport. This is to include the visit of a high level coach / development expert, who is experienced in setting up sport- and coaching structures, for a period of 3-6 months.
- OS-budget: 5 Million US\$ for the period 2005-2008
- NOC budget: 20,000 – 25,000 US\$ per project
- Advice to NA: encourage your NOC to include hockey in the NOCs planning and budget by providing the NOC with a long term development (action) plan for hockey, which includes the visit of a FIH expert for 3-6 months

## **PROMOTION OF OLYMPIC VALUES**

### **SPORTS MEDICINE**

Aim: To develop and share scientific knowledge & techniques in sports medicine by educating doctors, physiotherapists, trainers and coaches with practical and clinical scientific training in sports medicine. This can be achieved with the use of courses, scholarship programs and publications.
